

Donation Details – How do I donate?

There are a variety of items and parties that sell well at auction, thus there are many ways you can donate. To donate an item, go to www.baywoodauction.org, click on “Donate an Item” and fill out a simple form!

Here are a few ideas and information on how to donate:

Cool tours – Think of your extended network...do you, your spouse or a friend work at a high-profile company? Can a tour be arranged?

Personal services – Again, tap your network...do you tutor, offer a service or like to entertain? Talk to others. Get inspired and donate!

Sponsor a party – You and a group of friends can get together and host a themed party (i.e. a Margarita Party). Parties are auctioned at either the silent or live auction. It’s a great way to have fun with friends, meet new families and support our school.

Other great items to donate...

Food & Wine

- Bottles or cases of wine
